PAYMENT SPECIALISTS

World Leading Solution

Widely deployed in demanding high usage Retail applications such as Self-Checkout, Retail security and Kiosks, the SC Advance is the leading fixed and multi-width bank note acceptor. Highest first-time bill acceptance rates in the industry coupled with unsurpassed counterfeit detection technology maximizes the uptime and customer throughput of any host machine.

Direct USB Connectivity

SC Advance is designed to meet the demanding needs of retail cash management, whether in safes, cash deposit systems, fuel pumps, security applications, self-checkouts or kiosks. It features enhanced recognition technology, faster note to note speed, improved barcode recognition and increased capacity to accept up to 100 different currencies and denominations. It also has the industry's best first-time acceptance rate for valid street grade notes, including that are damp, crinkled or torn.

Robust and Reliable

Proven market leading in-field jam performance ensures the highest reliability levels resulting in market leading uptime, maximizing operator profitability. A lockable removeable cashbox ensures high security of accepted notes whilst its advanced polymer alloy is designed to withstand frequent and rough handling during cash collection.

High Speed Bunch Note Feeding

In order to provide the highest speed of note validation, the SC Advance can be fitted with a Bunch Note Feeder (BNF). The BNF improves efficiencies by reducing the amount of time required to process cash, improving both security and customer service. Friction-based technology is used to reliably feed a bundle of up to 30 notes into the SC Advance. Notes placed on the BNF note tray are validated, denominated and stacked in less than 1.5 seconds.

Technical Specifications

Acceptance rate	98% or greater	SC Series Cashbox Capacity	600 – 900 – 1200 – 2200
Note/Barcode coupon insertion	Up to 48 notes, 4 ways, faceup and down	Power Source & Consumption	12V – 28VDC Standby: 10 Watts Accepting: 30 Watts Stacking: 70 Watts
Note Dimensions	62mm – 83mm width 120mm – 166mm length	Weight	SC Series 4kg (9 lbs.) SC Cashbox 1.5kg (3 lbs.)
Transaction Speed	Approx. 3 seconds to stack	Environment	Operating Temperature 0°C - 60°C Storage Temperature -30°C - 70°C Humidity 5% - 95%
Escrow	One note		
Interfaces	Multiple serial protocols USB
