

## Pulloon Technology

# UCDM

## Universal Cash Dispensing Module

A high specification bill dispensing module with front or rear access. With a capacity of up to 3000 bills per cassette, the UCDM's modular design allows up to 4 different note cassette options. Benefitting from an Ultrasonic double note detect and a near end sensor, the UCDM unit also features a large reject capacity to collect rejected or retracted bills. At speeds of over 7 bills per second, the UCDM utilises a presenter format to dispense notes in bunches. Highly robust and reliable, the UCDM is the perfect solution for high volume transactions across Banking, Parking and Self Service environments.

Cassettes	<b>1, 2, 3 or 4</b>
Dimensions (mm)	UCDM-1: 280 (W) x 676.3 (D) x 285 (H) UCDM-2: 280 (W) x 676.3 (D) x 418 (H) UCDM-3: 280 (W) x 676.3 (D) x 552 (H) UCDM-4: 280 (W) x 676.3 (D) x 687 (H)
Speed	7 notes/sec
Reject Tray Capacity	App. 200 notes
Access type	Front or Rear Access
Interface	RS232C / USB (2.0)
Voltage	DC 24v (+/- 10%)
Note Size	Width: 60 – 85mm Length: 120 – 178mm Thickness: 0.06 – 0.18mm
Capacity	3000 notes
Pick up	Friction / Roller to Roller
Near End	App. 50 notes

### Features

- High-speed dispensing of World bank notes
- Up to 4 cassette options
- 3000 bill capacity per cassette
- Ultrasonic double note detect feature
- Reliable Presenter / Retractor functions
