

## Pulloon Technology

# VCDM

## Short Edge Cash Dispensing Module

An innovative, space efficient bill dispensing unit utilising the short edge of the note. With a capacity of up to 500 bills per cassette, the VCDM's modular design allows up to 4 different note cassette options. Benefitting from an Ultrasonic double note detect and a near end sensor, the VCDM unit also features a box to collect rejected bills. At speeds of over 3 bills per second, the VCDM dispenses bills in a spray format. Highly reliable and flexible, the VCDM is the perfect solution to space conscious host machines in Banking, Parking and Self Service environments.

Cassettes	<b>1, 2, 3 or 4</b>
Dimensions (mm)	VCDM-1: 169 (W) x 349 (D) x 220 (H) VCDM-2: 169 (W) x 349 (D) x 330 (H) VCDM-3: 169 (W) x 349 (D) x 440 (H) VCDM-4: 169 (W) x 349 (D) x 550 (H)
Speed	3.2 notes/sec
Reject Tray Capacity	App. 10 – 30 notes
Access type	Front Access
Interface	RS232C
Voltage	DC 24v (+/- 10%)
Current	5A
Note Size	Width: 62 – 82mm Length: 120 – 165mm Thickness: 0.06 – 0.2mm
Capacity	500 notes
Pick up	Friction / Roller to Roller
Near End	App. 50 notes

## Features

- Space efficient, modular design
- Up to 4 cassette options
- 500 bill capacity per cassette
- Ultrasonic double note detect feature
- Easy maintenance
